PROFESSIONAL EXPERIENCE

Freelancer 2020 - now

I've been working as a freelancer, making websites for small businesses through active prospecting, then I develop the layout, once approved, I start coding the front-end (responsive) and the back-end. I manage my projects using SCRUM through trello.

Praxis - Empresa Jr 09/2019 - 09/2020

Internship where I learned full stack web development, web design, active prospecting, meeting clients, teamwork using SCRUM through trello and working under pressure.
